

Logiworx Joins Zycus' Partner network

Logiworx looks to Zycus' spend management solutions to support customer initiatives by providing end-to-end-solution

Princeton, NJ, USA - January 20, 2008 - Zycus Inc., a global leader in Spend Management solutions, today announces that Logiworx has joined Zycus' partner network as a premier partner. Logiworx Pty Ltd is a full-service supply chain and supplier management consulting firm that aligns with leading organizations to provide complete supply chain and spend management solutions. Logiworx currently serves leading global companies across Australia, New Zealand and Asia.

Logiworx has extensive experience with a track record for delivering successful and cost-effective consulting services and implementations across major industries including automotive, consumer packaged goods, chemicals, industrial, pharmaceuticals, healthcare, distribution, wholesale and retail.

"Logiworx is an extremely important regional partner for us and Zycus customers are eager to combine our strategic solutions with their industry best practices" said **Arthur Raguette, Vice President Business Development, Zycus**. "Zycus' Spend Management Solutions will enable Logiworx's customers to identify, manage and track savings opportunities through an intuitive, objective driven process that provides even greater visibility and repeatable, sustainable savings when combined with Logiworx's domain expertise", he added.

"Zycus was an easy choice" says **Bruce Myers, Managing Director, Logiworx Pty Ltd**. "Zycus offers easy-to-use, best-of-breed solutions for key spend management processes, including: Data Enrichment, Spend Visibility, e-Sourcing and Contract Management. Our customers expect Logiworx to bring cutting edge strategies and solutions that address their challenges, so the Zycus partnership clearly supports our objective to become thought leaders in spend management while complimenting our extensive supply chain consulting and services offering"

Zycus' Strategic Sourcing suite empowers rapid user adoption resulting in sustained savings through extremely easy-to-use software that automates the entire strategic sourcing process.
