About Merlin for eProcurement

Traditional and manual buying methods lead to high costs, low visibility, and long processing time, ultimately impacting your business growth and success.

In today's technological business landscape, Zycus Merlin for eProcurement transforms the existing slow, costly, and error-prone buying process into an instantaneous, efficient process with abundant supplier choices. It automatically processes all the non-catalog requisitions to purchase orders using out-of-the-box intelligence and autonomously flips requisitions into a quick source event.

Zycus is the pioneer in Cognitive Procurement software and has been a trusted partner of choice for large global enterprises for two decades. Zycus has been consistently recognized by Gartner, Forrester, and other analysts for its Source to Pay integrated suite.

Zycus powers its S2P software with the revolutionary Merlin AI Suite. Merlin AI takes over the tactical tasks and empowers procurement and AP officers to focus on strategic projects; offers data-driven actionable insights for quicker and smarter decisions, and its conversational AI offers a B2C type user-experience to the end-users.

Zycus helps enterprises drive real savings, reduce risks, and boost compliance, and its seamless, intuitive, and easy-to-use user interface ensures high adoption and value across the organization.
