Merlin for Contracts
Merlin Insta Review

Every contract goes through multiple stages to complete its lifecycle. Each stage has one or more stakeholders that review, approve, or complete a task. But what can often fall through the cracks is the amount of risk associated with each stage of the cycle. Risks can be hard to identify, harder to quantify, and hardest to eliminate. Manual processes and lack of automation can enhance the possibilities of overlooking potential risks and communication gaps in negotiations. Merlin Insta Review comes to the rescue in such odd situations. It will analyze your contract and will ensure you get complete visibility into the risks involved in your contract.
